

5 THINGS YOU MUST DO AT POINSETT STATE PARK

- 1 Explore the history of the Civilian Conservation Corps, and take a close look at a coquina bathhouse built by the CCC in the 1930's.
- 2 Feast your eyes – and nose! – on some of the most unique and diverse flora and fauna in the state parks system.
- 3 Step back in time! Visit pre-revolutionary gristmill ruins and enjoy a stay in our rustic cabins.
- 4 Bring your boots or your bike and hike or pedal your way along miles of quiet trails.
- 5 Take a close look at the coquina stone throughout the park. It's proof that the ocean once covered the area!
