Nature Center (843) 235-8755

The Huntington Beach Nature Center shares the unique story of the South Carolina coastal environment. Among its features are interactive nature exhibits and displays highlighting the flora and fauna, geology and geography of the area where dry land, marsh and sea all meet. The center is open from 10 a.m. to 5 p.m. Tuesday-Sunday (closed Monday).

Coastal Exploration Programs

Discover the diversity of habitats and wildlife through our Coastal Exploration programs. Coastal Exploration programs and activities at this hidden paradise will bring the natural phenomena and Lowcountry history to life. Activities are scheduled March thru October.

Check the Park bulletin board for current program listing and begin your Coastal Exploration Today!
