The Lodge consists of two levels. The upstairs area has two fireplaces and makes an ideal chapel-style setup for an indoor ceremony.

Once the ceremony is complete move the chairs to the side to create a dance area to be enjoyed for the afternoon. There is also a charming bridal room upstairs that makes an ideal place for the bride and her bridesmaids to get ready for that special day. The upstairs area is complete with a covered balcony that includes rocking chairs for relaxing. The downstairs room is setup as a dining area and makes a perfect location for an indoors reception. There is a caterer's kitchen that includes an ice maker and microwave, an industrial refrigerator and warming oven, perfect for keeping your food warm or cold. Adjacent to the dining room is an area that buffet tables may to be setup for serving your guest. The back patio at the lodge makes a great area for an outdoors wedding ceremony or additional seating for your reception. It is complete with majestic views of Table Rock Mountain.
